

I. SECTION 2—OVERTURNS *LEXECON V. MILBERG WEISS*,
523 U.S. 26 (1998)

Section 2 of the bill overturns the recent Supreme Court decision of *Lexecon V. Milberg Weiss*, where the Supreme Court held that a transferee court (a district court assigned to hear pretrial matters by a multidistrict litigation panel in multidistrict litigation cases) must remand all cases back for trial to the districts in which they were originally filed, regardless of the views of the parties.

It is my understanding from the hearing that for some 30 year the transferee court often retained jurisdiction over all of the suits by invoking a venue provision of Title 28, allowing a district court to transfer a civil action to any other district where it may have been brought—in effect, the transferee court simply transferred all of the cases to itself. The Judicial Conference testified that this process has worked well, and as a matter of judicial expedience, I support overturning the *Lexecon* decision.

There was a concern raised at the Subcommittee hearing, however, that Section 2, as originally drafted, would have gone far beyond simply permitting a multidistrict litigation transferee court to conduct a liability trial, and instead, would have allowed the court to also determine compensatory and punitive damages. The concern here is that trying the case in the transferee forum could be extremely inconvenient for plaintiffs who would need to testify at the damages phase of the trial.

As a result of discussions between the minority and majority, Representative BERMAN successfully offered a bipartisan amendment addressing this concern at the Full Committee markup. Pursuant to this amendment, Section 2 now creates a presumption that the trial of compensatory damages will be remanded to the original district court.

II. SECTION 3—MINIMAL DIVERSITY FOR SINGLE
ACCIDENTS INVOLVING 25 PEOPLE

Section 3 of the bill expands federal court jurisdiction for single accidents involving at least 25 people having damages in excess of \$75,000 per claim and establishes new federal procedures in these narrowly defined cases for selection of venue, service of process, issuance of subpoenas and choice of law. It is my understanding here that mass tort injuries that involve the same injury over and over again such as asbestos and breast implants, etc., would be excluded. And that the types of cases that would be included would be plane, train, bus, boat accidents, environment spills, etc.—many of which may already be brought in federal court.

While I traditionally oppose having federal courts decide state tort issues, and disfavor the expansion of the jurisdiction of the already-overloaded district courts, unlike the broader class action bill (H.R. 1875), this bill would only expand federal court jurisdiction in a much narrower class of actions, with the objective of judicial expedience.

Thus, I support this Section with the understanding that it would only apply to a very narrowly defined category of cases and does not in any way serve as a precedent for broader expansion of diversity jurisdiction.

Mr. MARTINEZ. Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. COBLE. Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from North Carolina (Mr. COBLE) that the House suspend the rules and pass the bill, H.R. 2112, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

The SPEAKER pro tempore (Mr. FOLEY). Pursuant to the rule, the gen-

tleman from Pennsylvania (Mr. SHERWOOD) and the gentleman from American Samoa (Mr. FALEOMAVAEGA) each will control 20 minutes.

The Chair recognizes the gentleman from Pennsylvania (Mr. SHERWOOD).

(Mr. SHERWOOD asked and was given permission to revise and extend his remarks.)

Mr. SHERWOOD. Mr. Speaker, I yield myself such time as I may consume.

I am pleased that we are considering H.R. 940, the Lackawanna Valley National Heritage Area Act, a similar version which was passed by the House in the last Congress.

There are many excellent reasons to support the designation of this historic heritage area. The Lackawanna Valley National Heritage Area Act would ensure the conservation of northeastern Pennsylvania's significant natural, historic and cultural resources. The Lackawanna Valley was the first heritage area designated by the Commonwealth of Pennsylvania and is recognized as nationally significant through its documentation into the U.S. Department of Interior's Register of Historic Places.

In the last decade, for every dollar contributed by the National Park Service to the Lackawanna Heritage Valley Authority, the "management entity" cited in my bill, has leveraged \$10 in other federal, State, local and private sector funds to finance preservation activities. The Lackawanna Heritage Valley Authority would continue to foster these important relationships with all levels of Government, the private sector, and local communities.

The Lackawanna Valley encompasses the counties of Lackawanna, Wayne, Susquehanna, and Luzerne in northeastern Pennsylvania. The Valley tells the story of the development of anthracite coal, one of North America's greatest natural resources. From early in the 19th century, Pennsylvania's coal provided an extraordinary source of energy which fueled America's economic growth for over 100 years. At the center of the world's most productive anthracite field, the Lackawanna Valley witnessed the inception, spectacular growth, and eventual deterioration of an industry which led our country to unparalleled prosperity.

The landscape of the Valley conveys the story of the industrial revolution most clearly. Miles of track and hundreds of industrial sites and abandoned mines are daily reminders of the importance of the regent industry. Heritage sites like Pennsylvania's Anthracite Heritage Museum, the Scranton Iron Furnace Historic Site, the Lackawanna County Coal Mine, and the Steamtown National Historic Site help to commemorate the hardships of the industrial revolution which has led us to our current prosperity. These sites provide the framework for the historic preservation which will be cemented by my proposed legislation.

A hearing was held on June 10 in the Subcommittee on National Parks and

Public Lands in which testimony was heard from the National Park Service, private citizens, and elected officials in strong support of the legislation. Mr. Speaker, H.R. 940 was subsequently amended in the full Committee on Resources to direct the Secretary of the Interior to designate the Schuylkill River Corridor as a national heritage area. This addition to the bill will allow the history and culture of the major anthracite coal regions in Pennsylvania to be preserved for future generations. The amended bill passed by voice vote.

Mr. Speaker, I want to thank the gentleman from Utah (Mr. HANSEN), the chairman of the Subcommittee on National Parks and Public Lands, and the gentleman from Alaska (Mr. YOUNG), the chairman of the full Committee on Resources, for their support and leadership on this important legislation. H.R. 940 is a bipartisan bill which deserves our support.

Mr. Speaker, I reserve the balance of my time.

(Mr. FALEOMAVAEGA asked and was given permission to revise and extend his remarks.)

Mr. FALEOMAVAEGA. Mr. Speaker, I yield myself such time as I may consume. I do want to commend the gentleman from Pennsylvania for his sponsorship of this piece of legislation.

H.R. 940, as introduced by the gentleman from Pennsylvania (Mr. SHERWOOD), my colleague of the Committee on Resources, would have established the Lackawanna Valley Heritage Area in northeastern Pennsylvania.

The Lackawanna Valley covers the four counties of Lackawanna, Luzerne, Wayne, and Susquehanna Counties. In 1991, local citizens and governments established the Lackawanna Heritage Valley Authority to foster a partnership among State and local governments, business and civic organizations in the promotion of the Valley's historic, cultural, natural and economic resources.

Unlike other proposed heritage areas, the Lackawanna Valley has received significant federal funding prior to its establishment. Since 1989, a total of \$3.147 million in the National Park Service funds has been earmarked in appropriations bills for a variety of unauthorized purposes.

In hearings on H.R. 940 before the Committee on Resources, the National Park Service testified in general support of the legislation, but did note several concerns with the bill's language, especially in regards to the lending authority and the requirement for certain studies. The bill was amended by the committee to address those concerns.

Mr. Speaker, in addition, the Committee on Resources adopted an amendment that provides for the designation of an additional heritage area so that the preservation and interpretation of the resources of the anthracite coal region will also include those resources found in the southern an-

thracite coal fields of the Schuylkill River Valley located in the district of our colleague, the gentleman from Pennsylvania (Mr. HOLDEN).

The bill already anticipated such cooperative heritage efforts by directing that the various management entities to coordinate with one another in the management of the heritage of the anthracite coal region in Pennsylvania. The changes made by the amendment will provide more complete coverage of the heritage of this entire coal region.

Mr. Speaker, H.R. 940, as amended, is a good piece of legislation for heritage preservation, and I do urge my colleagues to support this bill.

Mr. Speaker, I reserve the balance of my time.

Mr. SHERWOOD. Mr. Speaker, I have no more requests for time, and I reserve the balance of my time.

Mr. FALEOMAVAEGA. Mr. Speaker, I yield 5 minutes to the gentleman from Pennsylvania (Mr. HOLDEN).

Mr. HOLDEN. Mr. Speaker, I thank my friend for yielding me this time.

Mr. Speaker, I rise in strong support of H.R. 940 this afternoon. I would like to thank the chairmen of the committee and the subcommittee for bringing this legislation to the floor, and I thank the ranking members of the committee and subcommittee for their assistance, as well as the gentleman from Pennsylvania (Mr. SHERWOOD), my good friend, for the way that he cooperated and extended his hand so that we were able to include the entire anthracite coal field in this heritage corridor, and I do truly appreciate the cooperation of the gentleman.

The link between the Schuylkill Heritage Corridor and the Lackawanna Heritage Corridor, as the gentleman mentioned, is anthracite coal, the anthracite coal that fueled the industrial revolution in this country, first by way of the Schuylkill Canal and then by way of the railroads. We should all be proud of that heritage, and I am certain that our managing entities are going to work very closely together so that we can highlight that proud history of anthracite coal.

Along with the coal fields in Pennsylvania came the first real effort for organized labor to set foot in the United States. I am very pleased to say that the work of the association started in Schuylkill County and was the forerunner to the United Mine Workers of America, where men fought long and hard for equitable pay and for working privileges and working rights that they were not able to have in the days when anthracite coal was first begun to be mined in Pennsylvania.

Through their efforts and through their long and hard work, they were able to have decent salaries and decent wages and decent working conditions in the anthracite fields right now. We should continue to honor the heritage of what was done in organized labor.

Mr. Speaker, there is much more to be told about the Schuylkill River Heritage. As we leave Schuylkill County

and move down the Schuylkill River, we have a proud heritage in agriculture, a proud heritage in textiles, and in iron ore. All of these industries have a great tradition, and we all have great pride in what was accomplished right down the Schuylkill River as we get to Valley Forge and to Philadelphia. It was our link to get our goods to the marketplace, and we should make every effort possible to be appreciative as to what was done, but also try to highlight through Heritage Corridor what was done in the past and continue to move for economic development.

I am absolutely positive that when this Schuylkill River Heritage Corridor gets into a working agreement and hits the ground running, that it is going to be able to model itself after the Lackawanna Corridor, as my friend mentioned, where they were able to leverage with federal money, with private money, and State money and county money to do so much good in the Lackawanna Valley, and I am hoping we are going to use that example as we do in the Schuylkill River Corridor.

So I would just like to take this opportunity to say that this is a good piece of legislation. It certainly has been done in a very bipartisan manner. I think we all cooperated very well. Again, I would like to extend my gratification for that effort that was made to assist in making sure that anthracite coal and all of the treasures of the Schuylkill River can have a heritage corridor that we can work on.

Mr. SHERWOOD. Mr. Speaker, I reserve the balance of my time.

Mr. FALEOMAVAEGA. Mr. Speaker, I yield myself such time as I may consume.

I certainly want to thank both gentlemen from Pennsylvania for their introduction of this piece of legislation. I note with interest the mentioning of Susquehanna County as part of a very strong cultural heritage as part of our American history. In my little reading of history, I recall that the Susquehanna River has a very profound historical event that transpired as far as the Church of Jesus Christ of Latter Day Saints is concerned, and I wanted to note that as a matter of record. I do want to thank my good friend, the gentleman from Pennsylvania (Mr. HOLDEN) for his comments.

Mr. Speaker, I yield back the balance of my time.

Mr. SHERWOOD. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Pennsylvania (Mr. SHERWOOD) that the House suspend the rules and pass the bill, H.R. 940, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

The title of the bill was amended so as to read: "A bill to designate the Lackawanna Valley National Heritage Area and for other purposes."

A motion to reconsider was laid on the table.

THOMAS COLE NATIONAL HISTORIC SITE ACT

There are authorized to be appropriated such sums as are necessary to carry out this Act.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Pennsylvania (Mr. SHERWOOD) and the gentleman from American Samoa (Mr. FALEOMAVAEGA) each will control 20 minutes.

The Chair recognizes the gentleman from Pennsylvania (Mr. SHERWOOD).

Mr. SHERWOOD. Mr. Speaker, I yield myself such time as I may consume.

(Mr. SHERWOOD asked and was given permission to revise and extend his remarks.)

Mr. SHERWOOD. Mr. Speaker, H.R. 658 would establish the Thomas Cole Historic Site in the State of New York as an affiliated area of the National Park System. This bill is the result of the dedication of the gentleman from New York (Mr. SWEENEY) and retired Congressman Jerry Solomon, also from New York, who worked hard to protect this historic site. The Thomas Cole House is currently listed on the National Register of Historic Places and has been designated as a national historic landmark. H.R. 658 also authorizes the Secretary to enter into cooperative agreements with both public and private entities relating to the preservation, the interpretation and use of this historic site.

One of the private entities, the Greene County Historical Society, shall continue to own, manage and operate this historic site.

This bill also directs the historical society with assistance from the Secretary to develop a management plan for the site within 2 fiscal years of enactment. This bill is supported by the administration, and I urge my colleagues to support H.R. 658.

Mr. Speaker, I reserve the balance of my time.

(Mr. FALEOMAVAEGA asked and was given permission to revise and extend his remarks.)

Mr. FALEOMAVAEGA. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, H.R. 658 establishes the Thomas Cole National Historic Site in the State of New York as an affiliated area of the National Park System.

Mr. Thomas Cole, who lived from 1801 to 1848, was the founder of an American artistic movement known as the Hudson River School. Mr. Cole painted landscapes of the American wilderness. Students and followers included such artists as Frederick Church, Alfred Bierstadt, and Thomas Moran. This school of painting, with its focus on natural landscapes, is closely associated with the beginning of the conservation movement.

The Thomas Cole property, known as Cedar Grove, is located in Catskill, New York. Originally encompassing 88
